## Ballet Shoes Tip

Have your child wear their ballet shoes, tighten drawstrings-not too much, tie a knot and clip away the excess strings. The string gets tucked into the shoe. There is no need to tie the shoe each week-it's a slipper!

## Safety Reminder

Please keep your dancer at home if they are not feeling well. Do not come to class with a cold. We offer classes on Zoom or students can do an in-person make-up class when they feel better. Also, please only one adult accompanying a child to class when possible. The less congestion in the office and waiting room, the safer it is. Thank you for your cooperation.
